Setting up the Alphabet Mats

Supplies Needed:

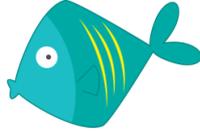

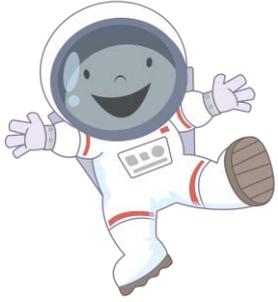

- Alphabet Mats
- Laminator or dry-erase sleeves
- Play dough
- Dry-erase markers (optional)

1. Print out the alphabet mats.
2. Laminate the mats or put them in dry-erase sleeves. I like to use dry-erase sleeves to save time and decide if an item is worth laminating for continued use.

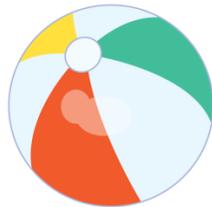

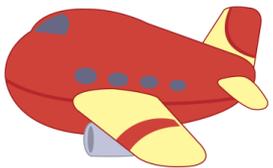

Using the Alphabet Mats

Children can use play dough to trace the letters and use play dough balls to mark the items that begin with the letter on the page. They can also use dry-erase markers to trace the letters and mark the items. We even like to use small manipulatives on them as well – like tracing the letters with LEGO bricks.
